Flow

Plug &
Play

Control
System

Sabse Pure. Sabse Healthy.

Industrial Water Purifiers

Available in

Alkaline RO Technology
Online UV Technology

Efficiently Unique

Our industrial purifiers are best in the business with their advanced technologies, patented designs and incredible efficiency. With beautiful fully covered bodies, no need to hide your industrial purifiers anymore.

Blue Mount Industrial Water Purifier

We believe that purified healthy water is a right for every human being, then why just limit water purifiers to households.

Blue Mount holds expertise in industrial range of water purifiers which are highly efficient and reliable, used across industries and application. Built on different technologies to suit everyone's needs, the purifiers are customizable and special attention is given to their performance, quality and even looks. Now you won't have to think twice to bring the purest healthiest and tastiest water for all.

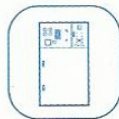

Recommended for

- Works for large scale usage
 - All Industries
- Latest and highly advanced
- Purifies all kind of water
 - Chemical free water

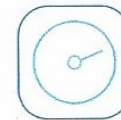

Storage and Installation

- Plug and play
- Fully automatic with external storage
 - No installation hassles
 - Economical to maintain
- Energy efficient- power saving

Design

- Strong, compact
- Beautiful design to show off
 - 360° Rotating Wheels
- Easy-to-Understand display Panel
 - Fully covered body
 - Heavy Duty Model

Display panel

- Easy to use & maintain
 - Online TDS meter
 - Water Flow Meter
 - Flow Restrictor valve
- Electricity consumption meter
- Easy control on dosing pump

Blue Mount Care

- Focused R&D
- Hold Highest Certifications
- 1 year of free on-site support

Customizable

- Tailor made purification
 - Size variant
- Exclusive for your need

Comes with

- Pre-installed Dosing Pump
- Pre-installed Vessel with media and carbon
- Pre-installed high quality raw water pump

Blue Mount Grand for Large Scale Industry

Blue Mount Industrial Alkaline RO Technology with Control Panel

Our highly advanced online Alkaline RO with control panel purifiers are specially designed for industries to continuously provide purified water at high output rate at no extra cost. The multi stage technology is intensified to provide supreme purification with Alkaline filter and RO combined with Carbon and Sediment filters. These remove suspended, dissolved and microbial impurities like sand, chemicals and viruses, while the pH filter maintains the pH level and essential minerals making water 100% pure, healthy and tasty.

Technology: Online Alkaline RO + Iron Removal Purifiers

Stages: Sediment, Activated Carbon, RO, Filter Media, Antherasite, MNO2

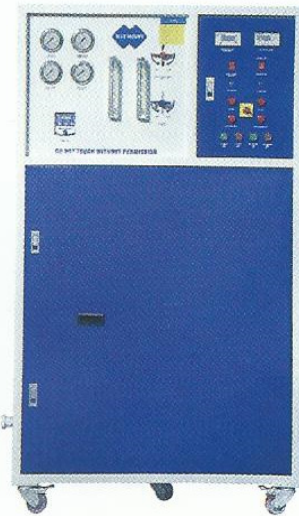

Installation: Plug & Play design

Application: Suitable for Purification of Brackish/Tap/Municipal/ Bore-Well Water

Operation: Automatic

Product Code: BM65

Blue Mount Grand 1000

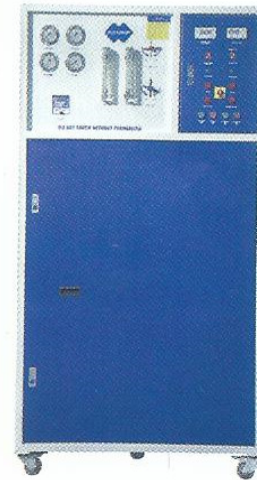

Product Code: BM64

Blue Mount Grand 500

Product Code: BM63

Blue Mount Grand 250

	Grand 1000	Grand 500	Grand 250
Purification Capacity:	Upto 1000 Litres per hour	Upto 500 Litres per hour	Upto 250 Litres per hour
Weight:	260 kg	205 kg	180 kg
Product Dimension (inch):	77 (H) x 46.9 (W) x 32 (H)	73 (H) x 45 (W) x 26 (L)	73 (H) x 45 (W) x 26 (L)
Input Voltage:	100-300 Volt AC (50Hz)	100-300 Volt AC (50Hz)	100-300 Volt AC (50Hz)
Operating Voltage:	220 Volt AC	220 Volt AC	220 Volt AC
Min. Inlet Pressure/Temp:	1 kg/cm ² , 10 °C	1 kg/cm ² , 10 °C	1 kg/cm ² , 10 °C
Max. Inlet Pressure/Temp:	5 kg/cm ² , 35 °C	5 kg/cm ² , 35 °C	5 kg/cm ² , 35 °C
Max. duty cycle:	Upto 6000 Litres per day	Upto 3000 Litres per day	Upto 1500 Litres per day
Recommended for:	Upto 1400 person	Upto 600 person	Upto 300 person

Blue Mount Grand for Small Scale Industry

Blue Mount Industrial Alkaline RO Technology

The advanced Alkaline RO technology for industries and commercial usage is a multi stage online purification process which supports large scale water purification at very high output rate. The brilliant technology which powers these huge purifiers works with Alkaline filter + RO + Carbon + Sediments + pH removing suspended, dissolved and micro impurities like sand, chemicals, bacteria and viruses while maintaining essential minerals and the pH level of water ensuring purest, healthiest and tastiest water at low running cost.

Technology: Online Alkaline RO Purifiers

Stages: RO, Sediment, Activated Carbon, Antioxidant Alkaline

Installation: Plug & Play design

Application: Suitable for Purification of Brackish/Tap/Municipal/ Bore-Well Water

Operation: Automatic

Product Code: BM62

Blue Mount Grand 120

Product Code: BM61

Blue Mount Grand 80

Product Code: BM60

Blue Mount Grand 40

	Grand 120	Grand 80	Grand 40
Purification Capacity:	Upto 120 Litres per hour	Upto 80 Litres per hour	Upto 40 Litres per hour
Weight:	55 kg	40 kg	25 kg
Product Dimension (inch):	43.9 (H) x 24 (W) x 20 (H)	34.6 (H) x 25.4 (W) x 14.4 (L)	25.2 (H) x 20.1 (W) x 14.3 (L)
Input Voltage:	100-300 Volt AC (50Hz)	100-300 Volt AC (50Hz)	100-300 Volt AC (50Hz)
Operating Voltage:	24 Volt DC	24 Volt DC	24 Volt DC
Min. Inlet Pressure/Temp:	0.3 kg/cm ² , 10 °C	0.3 kg/cm ² , 10 °C	0.3 kg/cm ² , 10 °C
Max. Inlet Pressure/Temp:	3.5 kg/cm ² , 35 °C	3.5 kg/cm ² , 35 °C	3.5 kg/cm ² , 35 °C
Max. duty cycle:	Upto 720 Litres per day	Upto 480 Litres per day	Upto 240 Litres per day
Recommended for:	Upto 125 person	Upto 75 person	Upto 30 person

Blue Mount Shine

Blue Mount Industrial Ultraviolet Technology

Blue Mount's industrial purifiers with online UV technology uses four- stage purification method at a vast scale. First the Sediment cartridge filters suspended impurities like fine sand and clay. This water is then double purified by Activated Carbon cartridge and Silver Impregnated Carbon removing all chemical impurities like chlorine, as well as colour and odour from the water. And finally UV lamp ensures that the water is 100% bacteria-free and of other impurities and ideal for large-scale consumption. This technology is amplified to purify water at a very high flow rate without compromising on the quality of water while keeping the running cost bare minimum.

Technology: Online UV Purifiers

Stages: Sediment, Activated Carbon, Ultraviolet, Silver Impregnated Carbon

Installation: Plug & Play design

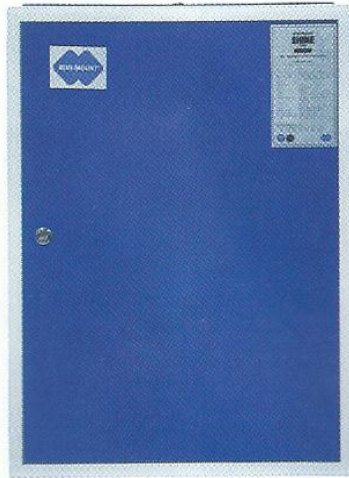

Storage: Easy to connect with external storage

Application: Suitable for Purification of Brackish/Tap/Municipal water

Operation: Automatic

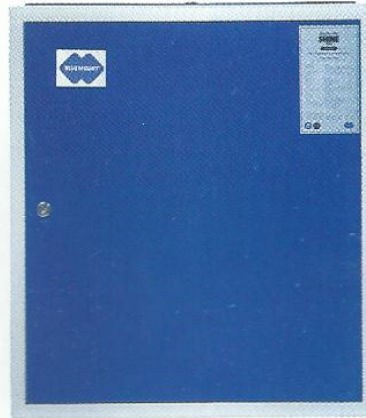

Product Code: BM43

Blue Mount Shine 500

Product Code: BM42

Blue Mount Shine 250

	Shine 500	Shine 250
Purification Capacity:	Upto 500 Litres per hour	Upto 250 Litres per hour
Weight:	40 kg	30 kg
Product Dimension (inch):	34.6 (H) x 25.4 (W) x 14.4 (L)	30 (H) x 22 (W) x 15 (L)
Input Voltage:	220 Volt AC (50Hz)	220 Volt AC (50Hz)
Operating Voltage:	24 Volt DC	24 Volt DC
UV Lamp power	18 watt	18 watt
Min. Inlet Pressure/Temp:	0.3 kg/cm ² , 10 °C	0.3 kg/cm ² , 10 °C
Max. Inlet Pressure/Temp:	3.5 kg/cm ² , 35 °C	3.5 kg/cm ² , 35 °C
Max. duty cycle:	Upto 3000 Litres per day	Upto 1500 Litres per day
Recommended for	Upto 600 person	Upto 300 person

Sabse Pure. Sabse Healthy.

Working towards a better future.

Blue Mount is a new-age water purifier brand which originates from India. We have taken a challenge to provide 100% pure and healthy water in every household & industries.

We bring a wide range of technologically advanced water purifier for not just pure but healthy water. These are designed as per present world water scenario and human needs and will suit one and all.
